Department of English

1. Name of the Department: English

2. Year of establishment: 2017

General Course affiliation date: 2017

Honours Course affiliation date: 2017

3. Vision of the Department: To establish a strong base of literature studies along with equipping the students with a practical linguistic knowledge of English language with a view to create a job oriented pool of students. The department aims to create a flowerbed for the students where they seamlessly graduate from first generation learners/college goers to aficionados of literary studies. The department seeks to expose the students to a larger and more competitive environment by making the students engage in inter college and intra departmental seminars, conferences and other forms of academic encounters. Ultimately, the department could grow into an autonomous unit with its own Masters' programme with a valid research agenda with sufficient government and non government funding in the next five years.

30. Feedback from students:

Analysis of feed-back:

Sample:

All students from the 3rd year Honours are considered for the purpose of sample collection. They evaluate the teachers of the department on the basis of following six parameters:

1. Communication Skill
2. Knowledge of Teacher
3. Preparation for Teaching
4. Regularity and Punctuality
5. Use of Innovative Methods
6. Accessibility Outside

Methodology:

To judge these aspects, rating scale technique has been adopted with five different points (X5 to X1) - excellent, good, fair, poor and very poor. For proper quantification, arithmetic scale (5, 4, 3, 2 and 1) has been assigned against this five point scale, five (5) for 'excellent', four (4) for 'good' and so likely. Different numbers (n5 for 'excellent', n4 for 'good' and so likely) of opinions have been quantified with the help of the following equation.

Total score of 'Communication Skill' = $(5 \times n5 + 4 \times n4 + 3 \times n3 + 2 \times n2 + 1 \times n1) / N$ for evaluation. Thereafter all the derived scores have been presented in the table no. 1 and has been used
